

SARCOMA COALITION

We are here for you.

The **SARCOMA COALITION** represents a strong and **united Patient Advocacy Network** of sarcoma organizations/foundations throughout the United States, Canada, as well as with European/Asian colleagues through the **Sarcoma Patients Global Advocacy Network (SPAGN)** collaborative membership.

The Coalition's purpose and mission is to:

- * **Enhance collaboration** to advance patient-caregiver representation within the sarcoma patient advocacy community – through collective Coalition unity/strength
- * **Promote Sarcoma Centers of Excellence** to patients/families/caregivers
- * **Lead and support special projects** that will promote improvement in patient diagnosis, treatment options, impacting patient outcomes, and long-term survivorship.
- * **Bridge Research Connections** – through:
 - * **Advocating for participation in Sarcoma clinical trial design**
 - * **Strengthening advocacy collaboration with the Research Community**
 - * **Advocating for and promoting Sarcoma research initiatives/ support**
 - * **Raising awareness of Sarcoma and various Sarcoma subtypes**
